

Mosaic Youth Theatre of Detroit

Set Designer

JOB POSTING

Minimum Qualifications

- Bachelors Degree or equivalent experience
- Three years experience in set design for stage productions
- Knowledge and experience of the production process including technical aspects such as lighting and sound
- Knowledge and experience using computer-aided design programs

Job Description

Must have knowledge of drawing, plan drafting, painting, model building, carpentry, and lighting. Ideas must be articulated in sketches and models clearly enough so that they can be understood by producers, directors, costume designers, lighting designers and carpenters. The set designer must also supervise the construction of sets. Studying scripts and ideas with the director, communicating ideas to costume, make-up and props. Assist in overcoming any logistical problems, such as lighting or complex scene changes, effective designs within budget, sketching design ideas to produce a 'storyboard', showing what the sets will look like scene by scene, building and photographing scale models, estimate costs and preparing a production schedule.
